

Clinical Physiologists Registration Board

Continuing Professional Development Documentation Form

| | | | |
|---------------------------------------|--|--|--|
| Name of activity | Academic Meeting – Interpreting Gas Exchange | | |
| Date of activity | 25/6/20 | | |
| Type of activity (only select ONE) | | | Group C – self-directed learning published article review, educational website, research activity, lecture preparation |

| |
|---|
| Describe the activity - please write 2-3 sentences outlining what the activity involved and your involvement in it. |
| I presented a talk for the Respiratory Dept on interpretation of DLco. |

| |
|--|
| What did you learn – please write a paragraph showing what you learned. Review the activity if necessary and be specific. |
| In my research for this talk I focussed on KCO as it had been highlighted as an area of PFT interpretation that was weak. Revised fact that KCO change is non-linear with lung volume and protects from gas exchange being too dependant on lung volume. Looked at mechanisms for reduction and increase in KCO. Examined differences between loss of lung units and reduced lung expansion. |

| |
|--|
| How will you apply this to your practice – write a short paragraph describing any impact the activity could have on your practice. |
| Has improved my knowledge around the usefulness of KCO, have passed this onto lab staff and have good feedback from physicians after the talk. |

For any activity EITHER obtain signoff,

OR attach evidence.

| | |
|--|---|
| I verify this activity as being valid for CPD purposes Verified by: _____ Signature: _____ Designation: _____ | Evidence attached relating to this activity: Email evidence of talk (below) Slides of talk. |
|--|---|
